PRICING GUIDELINES

AT WALKING IN THE WAY QUILTING, I strive to provide a unique and individual design that meets the intentions for your quilt. My machine uses stitch length regulation for consistency and reliable results. There is no limit to the possibilities and for that reason prices will vary. Below is a general pricing structure to give you an idea of what might fit into your budget. I encourage you to speak with me about how my services and your budget can meet. Prior to commencing any project, I will provide you a quote that I will adhere to. Meaning no financial surprises. If there are any changes impacting cost, they will be discussed and mutually agreed upon.

EDGE TO EDGE (E2E) describes an overall quilting design that travels off the edges of the quilt and over the entire quilt. This can be completed in various patterns, designs and densities. All three will affect price.

Density Level 1.	0.03 / square inch
Density Level 2.	0.035-0.045 / square inch
Density Level 3.	0.04-0.06 / square inch

***Note:** More elaborate digital designs may range from 0.05-0.06. Please see Website or visit my studio for examples.*

CUSTOM QUILTING describes quilting intentional to the quilt design, blocks and sections of the quilt and it includes:

- Stitching in the ditch
- Specific designs and simple motifs per block, sashing, or border

HEIRLOOM QUILTING describes quilting intentional to the quilt design, blocks and sections and it includes:

- Custom quilting along with more elaborate patterns such as feathers and denser fills to allow areas of the quilt to stand out such as applique or feathers, wreaths and various motifs
- Because the range of choices in custom and heirloom quilting are so vast. I will work with you to develop a design and price quote per quilt. The consultation and planning are complimentary should you chose me to complete your project. Otherwise, my design and quoting fee for custom and heirloom quilting is \$50.00. The price range is .06 -.10 / square inch

**Prices include minor quilt top preparations, cost of thread, designs/patterns and quilting.*

BATTING will be provided by me at 0.003/ square inch

BINDING YOUR QUILT

Squaring your quilt, preparing binding, attaching and hand stitching.	0.60 / inch
Squaring your quilt, attaching and hand stitching	0.50 / inch
Squaring your quilt, attaching by machine	0.30 / inch

Please note that these are general pricing guidelines. I am interested in meeting your interests for a beautifully quilted project that fits your budget. There are so many options available. Please don't hesitate to discuss your interests with me so that we can land on the perfect design for your budget.
